

Gastonia

Proud Past and Promising Future

We're proud of our past, but we're even more excited about our future.

Great Place. Gastonia has charming neighborhoods, award-winning schools, The Schiele Museum of Natural History, diverse industries, excellent healthcare and great shopping. Gastonia has Crowders Mountain State Park and Daniel Stowe Botanical Garden just minutes from our downtown, major interstates at our doorstep and Charlotte Douglas International Airport 20 minutes away.

Great People. Our citizens come here for a variety of reasons, but most choose to stay in Gastonia because of our friendliness, our genuine sense of community and our optimistic “can-do” spirit!

Great Promise. Gastonia has beautiful historic buildings and plans to restore the core of our downtown, new industries and a reliable work force. Gastonia has leadership and an entrepreneurial spirit that embraces all possibilities.

Come and see for yourself.
