Welcome to ElectriCities Library

Keyword Search
Enter a keyword in the field indicated above
Click Search button
Click Help for more information
Search results appear in the next window

Or

Subject Search
Click any term on the left panel.
Search results appear in the next window.

Search Tips:
"Search terms in quotes" retrieves records where words appear in the specific sequence given.
Slash / performs a logical "OR" search for terms within the same field.
The asterisk * truncates words in order to broaden the search, ie: elec* will retrieve electric, electrical. Upon selection an email link to request materials for a two week period will be provided.

Request and Item
Upon selection an email link to request materials for a 2 week period will be provided.
