

HURRICANE

SEVERE DAMAGE

Category 3

WINDSPEED: 150 MPH

Storm Surge

PREPARE NOW. >> WE'RE HERE TO HELP.

BEFORE:

- ☐ Gather emergency supplies (flashlights, battery-operated radios, batteries, etc.).
- ☐ If you have small children, help them remember important information by creating a family emergency kit and plan.
- ☐ Move yard items and furniture inside.
- ☐ Monitor official weather bulletins.

DURING:

- ☐ Turn off and unplug electrical appliances (TVs and computers).
- ☐ Stay indoors, in an interior room, away from windows.

AFTER:

- ☐ Stay away from downed power lines.
- ☐ Check your home for electrical damage.
- ☐ Do NOT connect your generator directly to your home's electrical system.
