

Thank You!

For being a customer of public power!

Did you know you're a
public power customer?

That means your electricity provider is:

COMMUNITY POWERED

Your utility is owned by your community, and operated by your neighbors, not shareholders or investors.

A VALUABLE RESOURCE

Local control and local operation mean local jobs, support for local priorities, and unmatched customer service.

PROUDLY RELIABLE

With a reliability rating of 99.98%, public power is there when you need it.*

SUSTAINABLE

Sustainable energy is vital to the future of our communities and public power proudly prioritizes sustainability efforts.

*Based on data reported to the U.S. Energy Information Administration
