My favorite movies are: Braveheart, Monty Python and the Holy Grail, Valley Girls, John Wick, I, Shrek. I used to listen to all kinds of music, but I have now stopped listening to the soundtracks of Braveheart, Shrek, and Monty Python.

The 2 things I can’t live without are: venue, family and friends, and a really happy IPA.

When I welcome a visitor to my town, I always take them to: Chili’s, Vineyards, Barb-B-Q Center, and the I-85 Corporate Center.

The most memorable places I’ve visited are: Kīhei, Maui, Tahiti, Bali, New York, and Alcatraz.

My favorite movies are: Shrek, and Monty Python.

I used to know almost all the words of Monty Python and the Holy Grail.

My favorite movies are:

LUMBERTON

Dozens of new jobs are coming to Lumberton as businesses such as Colony Tire and J.B. Smith gain a foothold in the city. The industrial park near the town’s existing business has been developed by the city and local investors, and it’s expected to bring in more than 200 new residents and workers to the area.

Regulator Marine is also expanding with the help of a mass migration, creating new jobs for the town. The company, which specializes in marine products, is expected to move into its new facility by the end of the year.

MORGANTON

North Carolina approved a $1.5 million loan to help expand Rock Mountain Coffee Roasters. The company plans to use the funds to expand its production line and create more jobs.

The historic Loray Mill will add Cross Company’s Automation Group, which makes programmable logic controllers and control systems.

ROCKY MOUNT

A new hospital is on track to open this fall in Rocky Mount. The new hospital will add 221 staff positions and 382 beds, as well as a total of 3,284 square feet to the hospital’s footprint.

PIZZA Hut announced in January that it’s expanding its category-first pizza delivery program by 200 restaurants across the U.S. The company said it will expand the service to Florida, Iowa, Nebraska, North Carolina, Ohio, and additional locations across California and Arizona.

KINSTON

Smithfield Foods’ facilities in Kinston won a 2018 Sustainability Award from the U.S. Environmental Protection Agency.

The group’s exciting move includes mechanical motion, pneumatic motion, and robotics. The company’s success comes from its dedication to electro-mechanical innovation and administrative roles in support of electro-mechanical motion, pneumatic motion, and robotics.

GREENVILLE

The city of Greenville, known as The Birthplace of Aviation, has 100,000 acres of property for future economic development initiatives. The land, formerly known as Columbia Hill and Marty Luther King Jr. Highway (U.S. 264 Bypass), is owned by the city and is being developed by a local developer.

GREENVILLE is also home to the Greenville County Hospital System, which has been named one of the nation’s best hospitals for the second consecutive year.

In the spring of 2018, the hospital’s emergency department treated more than 200,000 patients, making it one of the busiest in the state.
