

## FEDERAL GRANTS ANNUAL FORECAST (by Quarter)

### FY 2023 (JANUARY-SEPTEMBER 2023) and FY 2024 (OCTOBER-DECEMBER 2023)

(UPDATED: January 2023)

NOTE: Most links below are from the last funding opportunity announcement (deadline has passed), some may become archived, but this information is provided to help you begin preparing for the upcoming application process since requirements often do not change substantially year-to-year. In some cases, federal agencies have forecasted plans for the next competition. When that information is available, those dates and related links are provided and the current year funding opportunity is provided in parenthesis. Grants that are likely no longer available have been removed. New grants have been added if notices were posted since the last forecast was published. **When a grant includes a date that is highlighted in red, it is currently open!** As always, you can call us anytime for help with finding grants or tracking down more information. – **Leslie Mozingo**, [leslie@strategicsconsulting.com](mailto:leslie@strategicsconsulting.com), (202) 255-5760 and **Amy Kirschbaum**, [amy@strategicsconsulting.com](mailto:amy@strategicsconsulting.com), (503) 680-4189.
