

## **GRANTS ALERT for ElectriCities**April 20, 2023

Contact Leslie Mozingo at <u>Leslie@strategics.consulting</u>, (202) 255-5760, or Amy Kirschbaum at <u>Amy@strategics.consulting</u>, (503) 680-4189, for additional information.

Upcoming grant deadlines of interest are listed below. *Note, the grant list includes all currently-open grants of interest.* Click on information link or search on <u>Grants.gov</u> by the notice of opportunity number.

Notice of Opportunity Number	Grant Title	Federal Agency	Deadline	Information
PWEAA2023	FY23 EDA Public Works and Economic Adjustment Assistance Programs	DOC-EDA	Rolling	https://www.grants.gov/view- opportunity.html?oppld=346815 AND https://www.eda.gov/
N/A	Electric Infrastructure Loan & Loan Guarantee Program	USDA		https://www.rd.usda.gov/programs- services/electric-programs/electric- infrastructure-loan-loan-guarantee- program check with a General Field Rep (GFR) to determine rural eligibility
DE-FOA- 0002936	Industrial Decarbonization and Emissions Reduction Demonstration-to-Deployment Funding Opportunity Announcement	DOE	Due 4/21/23	https://www.grants.gov/view- opportunity.html?oppId=346695 AND https://oced-exchange.energy.gov/

## Webinars, Blogs, Funding Guides and More:

The Energy Communities Interagency Working Group on Coal and Power Plant Communities (IWG) is hosting the second of a two-part webinar series entitled "<u>What the Inflation Reduction Act Means for Energy Communities</u>, Part 2" on April 28 at 2 p.m. EST. Register, here.

**NEW** – Grants.gov will be down for maintenance from May 20-22, 2023.

The North Carolina state government website now includes a <u>page with links to grant programs</u> across NC state government agencies. The site lists over 80 searchable opportunities.

**NEW** -- The U.S. Department of Energy (DOE) is hosting a webinar on the **Buildings Upgrade Prize (Buildings UP) program** in conjunction with America-Made. May 4 at 11 a.m. EST. The Buildings Upgrade Prize (Buildings UP) provides more than \$22 million in cash prizes and technical assistance to support the transformation of existing U.S. buildings into more energy-efficient and clean energy-ready homes, commercial spaces, and communities. Register, here. The deadline to apply is July 18, 2023.

NEW -- The U.S. Department of Energy (DOE) is hosting the second of two webinars on the Energy Efficiency Conservation Block Grant (EECBG) Competitive Program. May 15 at 2 p.m. EST. There is no registration, just join using a link provided, here. Additionally, the FAQ can be accessed here.

The U.S. Department of Energy (DOE) is hosting the second of two webinars on the <u>Energy Efficiency Conservation</u> <u>Block Grant (EECBG) Competitive Program</u>. May 15 at 2 p.m. EST. There is no registration, just join using a link provided, <u>here</u>. Additionally, the FAQ can be accessed <u>here</u>.

The U.S. Department of Energy (DOE), with funding provided by the Bipartisan Infrastructure Law (BIL) has a new funding opportunity for clean energy improvements for K-12 public school facilities. While that grant is not open currently, schools can conduct an **energy needs assessment using new tools** and resources provided by DOE. One of these is an <u>Energy Justice Mapping Tool for Schools</u>, and another is the <u>School Energy Assessment (SEA) Form</u>. Watch YouTube videos on the tools and access the resources, <u>here</u>.

On March 9, the U.S. Department of Energy (DOE) and the U.S. Environmental Protection Agency (EPA) signed a joint Memorandum of Understanding (MOU) that provides a "framework for both agencies to support reliable electric service as they carry out their respective missions and authorities, and as the power sector adapts to rapid and significant changes." More information, here.

The U.S. Department of Energy (DOE) has opened the <u>Energizing Rural Communities Prize</u>, offered through the Bipartisan Infrastructure Law (BIL). The \$15 million prize "challenges individuals and organizations to develop partnership plans or innovative financing strategies to help rural or remote communities improve their energy systems and advance clean energy demonstration projects." Applications are due May 24, 2023.

The U.S. Department of Energy (DOE) and the Grid Deployment Office (GD) are seeking feedback on <a href="tel:the Draft">the Draft</a>
<a href="https://NationalTransmission Needs Study">National Transmission Needs Study</a> which provides information about "present and anticipated future capacity constraints and congestion on the nation's electric transmission grid and serves as DOE's triennial state of the grid report." Email comments to <a href="mailto:NeedsStudy.Comments@hq.doe.gov">NeedsStudy.Comments@hq.doe.gov</a> by April 20, 2023.

The U.S. Department of Energy (DOE) is offering more than \$22 million in cash prizes and technical assistance for winning ideas to accelerate widespread, equitable energy efficiency and building electrification upgrades. The <a href="Buildings Upgrade Prize">Buildings Upgrade Prize</a> (Buildings UP) was developed and funded by the <a href="U.S. Department of Energy Building Technologies Office">U.S. Department of Energy Building Technologies Office</a> as part of its overall mission to reduce the carbon footprint of the U.S. building stock while maintaining or improving affordability, comfort, and performance. Phase 1 submissions are due July 18, 2023.

The U.S. Department of Energy's (DOE) <u>Solar Power in Your Community Guidebook</u> serves as a resource to assist government officials and stakeholders in increasing deployment and local access to solar photovoltaics.

The U.S. Department of Energy (DOE), in conjunction with the National Renewable Energy Laboratory (NREL), launched a new \$50 million program called the <u>Clean Energy to Communities (C2C) program</u> that will provide three levels of technical assistance to local governments, electric utilities, community-based groups and others across renewable power, grid mobility, and building sectors. Deadlines to apply and eligibility vary for each of the three levels of assistance offered. Questions about the partnerships and the application process can be submitted directly through the RFP links, with answers being made available to the public. Proposals for the in-depth partnerships are due May 17, 2023. Learn more, watch the kick-off video, review the FAQs, <a href="here">here</a>.

The U.S. Department of Energy (DOE) updated the FAQs on the \$10.5 billion Grid Resilience and Innovation Partnership Program (GRIP) to enhance grid flexibility and improve the resilience of the power system against growing threats of extreme weather and climate change. The FAQs will continue to be updated so visit this page often: <a href="https://www.energy.gov/gdo/frequently-asked-questions-grid-resilience-and-innovation-partnerships-grip-program">https://www.energy.gov/gdo/frequently-asked-questions-grid-resilience-and-innovation-partnerships-grip-program</a>.

The U.S. Environmental Protection Agency (EPA) is hosting a series of listening sessions on the <u>Climate Pollution</u>

<u>Reduction Grant Implementation Grant</u>. At each listening session, the EPA will pose specific questions for feedback.

The last session will be held on "Maximizing Opportunities for CHG Reductions through CPRG" on Thurs., April 20 from 6 to 7:30 p.m. EST (questions and registration).

The U.S. Environmental Protection Agency (EPA) released an updated version of the <u>Greenhouse Gas Equivalencies</u> <u>Calculator</u>. Available in both Spanish and English, the calculator "translates emissions and energy data into real terms, like annual emissions from cars, homes, smartphones, or natural gas fired power plants." New, the calculator now "includes two options for electricity inputs: estimated emissions equivalencies based on electricity consumed or electricity use avoided. Previously, the Calculator provided estimates only for electricity avoided. By providing this choice, users will be able to access the appropriate emissions factor based on their need."

The U.S. Environmental Protection Agency (EPA) released a **Clean Energy Financing Toolkit for Decisionmakers**, which lists financing programs and policies by state and local governments and others that support investments in clean energy. Access the toolkit, here.

The White House has released a document that <u>highlights funding opportunities</u>, both that are open now and those that will post in 2023, that are part of the Bipartisan Infrastructure Law (BIL). The document is current as of February 2023.

## **Recorded Webinars and Other:**

The Energy Communities Interagency Working Group on Coal and Power Plant Communities (IWG) recorded the first of a two-part webinar series entitled "What the Inflation Reduction Act Means for Energy Communities, Part 1."

Access the slides, recording and/or Q&A, here.

The Joint Office of Energy and Transportation recorded a number of webinars to help stakeholders **build capacity for electric vehicles and plan for charging infrastructure,** including:

- State of Practice in Electric Vehicle Charging Station Site Design;
- Contracting and Procurement Considerations for EV Station Deployment;
- State of the Practice in DC Charging Station Site Evaluation and Deployment Processes;
- Utilities, Commissions and State DOTs: Working Together to Deploy EV Charging;
- Charging and Fueling Infrastructure Discretionary Grant Program;
- Bridging Transportation and Energy Through Regional Coordination;
- EV Charging Minimum Standards Rule; and more.

Access the recordings on the DriveElectric website, here.

The U.S. Department of Energy (DOE) posted the **Round One EVGrid Assist webinar series** which includes the following topics: the Importance of Vehicle-Grid Integration; EV Basics; DCFC Charging for Light, Medium, and Heavyduty Vehicles; Grid Aware Site Selection; Load Forecasting; Rates and Incentives; and Planning for the Future. Watch the webinars, here.

The U.S. Department of Energy (DOE) hosted a webinar on the \$10.5 billion **Grid Resilience and Innovation Partnership Program (GRIP)** to enhance grid flexibility and improve the resilience of the power system against growing threats of extreme weather and climate change. Access the recording, <a href="here">here</a>. Additionally, DOE recorded a webinar to provide applicants and teaming partners with programmatic guidance highlighting Concept Paper submission trends, criteria, and next steps in the application process. Access the recording, <a href="here">here</a>.

The U.S. Department of Transportation (DOT) recorded a webinar on the <u>Charging and Fueling Infrastructure</u> (<u>CFI) grant program</u>. View the webinar, <u>here</u> (use passcode i#I2b6UV) or access the slide deck, <u>here</u>. The deadline to apply for a grant is <u>May 30, 2023</u>.
